Issue: Bid for Drug Testing Supplies/Service

Question (from Westmoreland County):

Has anyone been required to submit a bid for offender drug testing supplies and services? If so, could you email me some information as to the bid specs and whether or not you had a bid bond or performance bond included??

Adams County

Drug testing supplies is included in the Adams County budget as a county line item. We are not required to submit a bid.

Erie County

Erie County does not require a bid for testing supplies because it is under \$25,000 which is a County threshold requirement.

Jefferson County

Jefferson is the same as Adams.

Lancaster County

Lancaster is the same as Adams and Lebanon.

Lebanon County

Ditto for Lebanon County. If we ever go over budget, we use Act 35 monies to pay for them.

Lehigh County

Drug testing supplies is a county line item which is part of our budget and nor does the vendor we use part of a bidding process.
